

THIS WEEK IN THE TODDLER ROOM

Week of: January 19th-22nd

TEACHERS: Ms. Tayyaba

and Ms. Regina

Theme of the week

The theme this week was green and blue. Our class pointed out all the colorful things we had in our room. We really expanded on our vocabulary this week! We focused on the names of vegetables and the letter 's' and 'm'. Our friends in the toddler room thought of great examples of their favorite vegetable (broccoli was a popular one!) In math, we reviewed counting from 1 to 5. Our students were very creative this week during art class. We made trees and painted leafs. Look for our artwork hanging up in the classroom!

Always developing!

This week our toddlers worked on social skills, fine motor skills and their body movements. Sharing was a main topic this week. Each child used polite language and shared toys during play time. We worked on stacking blocks to build a large tower! There was also our weekly soccer shots and yoga to get our bodies moving!

STAY SAFE THIS WEEKEND AND HAVE FUN IN THE SNOW
